PINNACLE EDUCATION SOCIETY

The Pinnacle Global School is under the aegis of Pinnacle Education Society and was established in the year 2019. The vision of society is to “Deliver Education and not just Literacy”.

The members are working with like minded educationists and philanthropists to evolve the process of education in India and make it child-centric and future focused. The aim is to empower students to shape future. Education should be beyond the pages of the textbook where the school provides an opportunity to students which is a blend of curricular and co-curricular activities.

Thus, the school believes in the holistic development of all the students with a vision – Development of human being as future citizens who are committed to build the Nation.

ABOUT SCHOOL

The Pinnacle Global School boasts of an enviable, sprawling, serene and beautiful campus with aesthetically designed capacious academic blocks with a mission to create ‘enlightened citizens of the world’. The school offers the best opportunities of growth and development.

We at TPGS are committed in nurturing the potential of each child to create them as a lifelong learners and future global leaders. We believe each child is unique and school has been established to be a guiding ground for life. The key focus is on student’s safety and quality standards.

The Pinnacle Global School is distinguished by its unique approach and values towards learning and its commitment to providing quality education, leveraging the best practices of both traditional and contemporary schools of education. In today’s competitive world, our 360 degree teaching pedagogy will focus on multi-dimensional aspects ranging from academics, co-curricular activities, sports, performing arts and several other extra-curricular activities.

The Pinnacle Global School has been planned and designed to match the prevailing global standards in curriculum and caters to the requirements of potential parents who are seeking world class education for their children.

The school is thus committed to taking on the leadership of the education process in the 21st century.

VISION

- To promote National and Global integration with knowledge and skill provided with multi-disciplinary learning opportunities.
- Develop a confident understanding of one's role in an international society by fostering values of honesty, teamwork, leadership, sensitivity and social responsibility.
- Empowered with values to contribute towards Global Peace.

MISSION

Our aim is to create a world class education that nurtures a culture of excellence that inspires intellectual competitive, holistic development, spirit of enterprise, critical inquiry and lifelong learning skills with a sound character in a learner center environment which will help them to be a global citizen and to meet the challenges of the future.

- Inculcate Values so as to be a sensitive world citizen.
- With knowledge and skill strive to bring in global change.
- To become builders of a world community young men and women with conscience, commitment, competency and socially responsible.

CHAIRMAN

Dr. Sanjay Gupta
MBBS MS (General Surgery)

As rightly said by Nelson Mandela – “Education is the most powerful weapon which you can use to change the world.” We at The Pinnacle Global School wish to align ourselves to the same, by giving you and your child a new horizon in education. An experience that will leave the both of you with a new outlook on life. Students today have an unquenchable thirst to seek knowledge that cannot be satiated by traditional methods of imparting education like rote learning and passive listening. With the paradigm shift in the field of education, children at TPGS will be provided with opportunities and situations that facilitate them to exhibit their hidden potential to the fullest. We not only offer you an infrastructure conforming to the global standards but also an array of opportunities to tap the individual talent to edify the young learners keeping in view a synchronous growth of their body, mind and soul.

Following the dictum by Gandhi, “Be the change you wish to see” – I have ensured an institution that will enable you and your ward to enroll yourself in my vision. Let us move ahead together, making this a reality & soaring towards the pinnacle of excellence.

VICE-CHAIRMAN

Dr. Sujata Gupta
MBBS DGO (Gynaecologist)

It has been my heartfelt desire to provide the highest quality of education to the students community in the Neemuch. True education is a springboard for achieving higher goals.

The aim at TPGS is to provide excellence in education to empower young minds with creative and imaginative learning and with traditions of following true Indian ethos and values. We believe the curriculum at the school with a global dimension is central to the enrichment of children to face the challenges of 21st century with confidence and character.

I am confident that the school will provide stress-free, cognitive and happy learning to the students at The Pinnacle Global School.

PRINCIPAL'S MESSAGE

Ms. Ashmi Jain

She believes that the role of a school is not only to pursue academic excellence but also to motivate and empower its students to be lifelong learners, critical thinkers, and productive members of an ever-changing global society. To achieve this the school will leave no stone unturned to upgrade its infrastructure and update its education system to the global standards. The present age is the age of competition and excellence. The school pledges for complete assistance and support to its students in all fields of activities- curricular as well as co- curricular. It is hoped that The Pinnacle Global School with full cooperation and well wishes of the parents can fulfil all its promises and pledges. I pray to the Almighty to grant us fortitude, perseverance and courage to take this school to higher levels!

WHY SHOULD CHILDREN RESUME SCHOOL?

We understand that parents are struggling with the insecurities of sending their children back to schools. Hence, we are preparing our school in a way that a parent would want it to be. As per the psychiatrists around the world, the lockdown has adversely affected kids' social skills, mental endurance and physical health. Going back to school can help students with:

- Mental health
- Peer Learning Pedagogy
- Value of Time
- Social Relation
- Active Lifestyle

TIME TO TAKE OUT SCHOOL BAGS

We are hopeful about our journey to get school life back to normal. In fact, our school management has decided to make it even better with the inclusion of technology that enables us to handle unprecedented situations viably. While the excitement is at "Pinnacle", we are underlining all effective measures for a smooth transition of Study from Home to Study from School. A normal day will look like:

PRE-PRIMARY PROGRAMME

At TPGS, the Pre-Primary experiences are planned keeping in mind that the first five years in a child's life is crucial since the rate of development in these years is more rapid than any other stage of development. In addition to development of intelligence, personality and social behavior, the children are assisted to gain confidence and assert themselves. The school works on their curiosity as it is at its maximum and children learn to explore, enquire and discover their surroundings. We understand the language of kids and base our subjects easy tutoring.

The 'Thematic teaching' and 'play – way' methods are aimed at customized education towards each child's capability. The spacious classrooms enables various learning aids like Audio – Visual content, demonstrations, simulations, rhymes, etc. The eco-friendly atmosphere in and around the school, various theme based activities such as talk shows, conceptual rendering, frequent field trips and celebrations ensure holistic development of children by comprehensively addressing their needs for care, health, nutrition and well being. The developmental programs work as a support to parents. Our caring facilitators will work closely with parents and counsel them towards more meaningful bringing – up of their child even at home. Field trips to reinforce classroom experiences are planned regularly.

PRIMARY & MIDDLE YEAR PROGRAMME

The prime focus of the curriculum is to innovate teaching – learning methodologies by developing paradigms that are conducive for students the school provides a balanced educational programme within a safe and stimulating environment so that each child embarks on a physical, intellectual, emotional and social journey of curiosity and reasoning.

The aim of the school is to provide the essential skills that a child needs to cope with the changes in the world. While encouraging positive individual characteristics, it promotes a child's responsibility, co-operation, creativity, respect for individuality and equality. It enhances learning by establishing and maintaining a high level of academic and behavioural expectations. TPGS thus has designed a curriculum to make learning enjoyable, activity-based and experimental, preparing every student for global expectations.

“Learning what to do with the things you learn and comprehending why you learn them is what matters the most.”

AIMS OF CBSE CURRICULUM

Students will be enabled to:

- Achieve cognitive, affective and psychomotor excellence;
- Enhance self-awareness and explore innate potential;
- Attain mastery over laid down competencies;
- Imbibe 21st century learning, literacy and life skills;
- Promote goal setting, and lifelong learning;
- Inculcate values and foster cultural learning and international understanding in an interdependent society;
- Acquire the ability to utilize technology and information for the betterment of humankind;
- Strengthen knowledge and attitude related to livelihood skills;
- Develop the ability to appreciate art and show case talents;
- Promote physical fitness, health and well-being.
- Promote arts integrated learning.

EXTRA CURRICULAR ACTIVITIES

For effective learning both body and the mind need to be in perfect unison with academic pursuit in class rooms and outdoor activities. A healthy child with body and mind is the emphasis of the school at TPGS. We develop children with all round activities which enables them to reach their full potential through ample freedom-based activities.

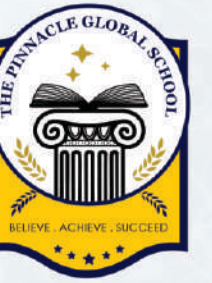

Extracurricular activities compliment the academic work of the school and provide varied opportunities, greatly increasing the probability of students discovering activities at which they can excel. The array of

opportunities is integrated into the curriculum to make the days at school productive and enhance confidence self-esteem, leadership, creativity, team spirit, patriotism, sympathy and empathy in a child.

GREEN SCHOOL CERTIFICATION

We are committed to instilling the concept of sustainability in our students and staff and to pursue this concept we have tied up with ASMERO. The driving idea behind the concept is the intent of imbibing within the existing eco-system the values and necessity to consider the impact and consequences of activities and development undertaken. This will create an affinity amongst the students towards development of society in a sustainable manner.

“We simply must balance our demand for energy with our rapidly shrinking resources. By acting now we can control our future instead of letting the future control us.”

– Jimmy Carter
